## Word From Our District Governor Andrea Morgan, DTM

Hello Club Officers,

**W**e are nearing June 30th and there are several items that should be completed by that time. First, it is time for each club to elect new officers. Once you have elected your new officers please submit the names on the TI website under club central. If you have officers being carried over to the next year you will need to resubmit that officer's name. Failure to submit the list of officers will cause the upcoming club officers to be unable to get into club central to handle your club's business.

Second, submit all educational awards on behalf of your club members. We want to ensure that they receive the acknowledgement that is due for their hard work.

Third, check to see that all of your club members' dues are paid to keep their Toastmasters membership status active.

Finally, it is not too late to move your club into the distinguished status. It would be a great way to end your club officer term!

Andrea Morgan, DTM  
District Governor  
District 66
